

Aboriginal culture

Chloe.G

Food

Aboriginal people liked foods such as fish, tree sap, dingo, damper, bush tucker and bush plum. They cooked their food by making a big hole in the ground and leaving some more sand at the top of the hole then making clay balls then heating them up on the fire and then they put them in the hole and then placed their food on the hot clay balls.

Art

Some of the Aboriginal artists use animal blood and they use flowers to colour their paint. Some of their paint is made from mud. They made the most amazing dot painting! They used rocks as their canvases.

Transport

Aboriginal people used different types of transport such as emu walking, feral camels, rafts and they also just walked. Aboriginal people didn't have a lot of different transport because back then they didn't have cars or mechanics so they just had to walk around Australia.

Clothing

Aboriginal people used flowers,leafs,animal skins,bark,skin of bamboo,painted dots. Aboriginal people didn't have fashion designer's like we do. They had forage for there clothes by hunting and looking for plants.

Music

Aboriginal people had very beautiful music. Some of their music was high and some of their music was low. Some of their instruments were the digiridoo, tapping sticks and there beautiful voices.

Shelter

They used bark,rocks,mud and flowers there shelters were little and dirty but they were all the Aboriginal people could come up with.
