

Aboriginal culture

Art The aboriginal people crushed up rocks mixed with water to make paint. The aboriginals made dot paintings and cave paintings .

Clothing The aboriginal community made the clothing out of leather ,animal skin,ferms ,leaves and rope on the waist it is called a riji .On cold days The aboriginals wore possum skin.

Food The Aboriginals ate honey ants but they did not eat the actual ant The aboriginals pinched the honey out of the ant but the ant wasn't one of the foods there are 3 other foods 2 are bush foods and 1 is meat .

Shelter Most of the Aboriginal people slept outside because of the hot climate.In wet and cold days The aboriginals made closed dome-shaped shelters.To make the shelters the Aboriginals used paperbark,leafs,bark and grass.

Transport *The Aboriginals were mainly nomadic which means the aboriginals mainly walked .Walking was also the main form of transport. The Indigenous groups would often use wooden canoes it was also good for fishing activities.*

Music *The Aboriginals had many instruments like the didgeridoo it was a long stick that reached the ground. Clap sticks was another good instrument. Last but not least the bunngul .*
